

Elizabeth Jeudy

Software Developer

As a skilled and passionate software developer, I have a proven track record of building dynamic web presences from the ground up. My expertise lies in writing efficient, well-designed code using the latest web development best practices. With a commitment to excellence and a dedication to staying up-to-date with the latest industry trends, I am confident in my ability to deliver exceptional results and drive success for any organization.

TECHNICAL SKILLS

HTML & CSS, Javascript, React JS, Next JS, Node JS, Java (early stages), Github, Git/Version Control, Responsive Design

WEB DEVELOPMENT EXPERIENCE

Student, SheCodes Coding Workshops Remote • May 2022 — November 2022

- Successfully completed SheCode's comprehensive coding workshop covering topics such as web development and software engineering.
- Developed proficiency in programming languages such as React, JavaScript, HTML, and CSS.
- Gained hands-on experience in building web applications, databases, and APIs using modern frameworks and technologies.
- Collaborated with other women in the technology industry through group projects and coding challenges.
- Participated in mentorship programs and networking events to connect with industry professionals and expand knowledge and skill sets.
- Demonstrated a strong commitment to diversity and inclusion in the technology industry by actively participating in SheCode's community and events.
- Received positive feedback and recognition from workshop instructors for dedication, hard work, and contributions to the community.
- Applied newly acquired skills and knowledge to personal coding projects, resulting in tangible products and solutions.
- Prepared for successful career entry in the technology industry by gaining valuable technical and interpersonal skills through SheCode's comprehensive workshop and mentorship programs.

Dictionary App

- Developed a dictionary app using React.js, Node.js, AXIOS, and API integration
- Features a database of words, along with images, phonetics, synonyms, and example sentences
- Collaborated with a team of developers to plan and implement new features, debug issues, and ensure code quality

Weather App

- Developed a weather app using React.js, Node.js, AXIOS, and API integration
- Displays a 5-day forecast with current weather conditions for any city user searches

- Implemented Celsius conversion functionality to allow users to view temperatures in preferred units
- Collaborated with a team of developers to plan and implement new features, debug issues, and ensure code quality

SOFT/SOFTWARE SKILLS

Slack, Microsoft Office (Docs, Word, Excel, Powerpoint), Microsoft Teams, Problem-solving, Adaptability, Time-management

EDUCATION

Palm Beach State College

Boca Raton, FL

Bachelor of Science in Psychology

CERTIFICATIONS

Frontend Developer - SheCodes 2022
