EDUCATION

Western Governors University

Bachelor of Science in Software Engineering

Online

December 2024 - Present

Palm Beach State College

Associate of Arts in Psychology

Boca Raton, FL

Completed in 2022

Front-End Developer Certification

SheCodes Workshops

Online

May 2022 - November 2022

Additional Certifications: Codecademy - Learn HTML, CSS, JavaScript (2022)

PROJECT EXPERIENCE

AQI Quality Levels Checker

Technologies: React.js, Node.js, AQI API, Bootstrap

- Built an environmental data dashboard displaying real-time air quality metrics and 7-day forecasts
- Integrated third-party APIs for dynamic data fetching and visualization
- Implemented responsive design with Bootstrap for cross-device compatibility

GitHub: <https://github.com/elizabethJeudy/air-quality-checker>
Live Demo: <https://elizabethjeudy.github.io/air-quality-checker/>

Dictionary App

Technologies: React.js, Node.js, Axios, API

- Created a comprehensive dictionary application with definitions, phonetics, synonyms, and example sentences
- Implemented API integration for dynamic content retrieval and display
- Developed an intuitive user interface with React components for a seamless user experience

GitHub: <https://github.com/elizabethJeudy/dictionary-app>

Live Demo: <https://dict-app-react.netlify.app/>

Weather App React

Technologies: React.js, Node.js, Axios

- Developed a weather application with real-time data integration and forecast display
- Utilized Axios for API calls and React components for reusable, scalable architecture

GitHub: <https://github.com/elizabethJeudy/weather-app-react>

Live Demo: <https://ejeudy-weather-react.netlify.app/>

WORK EXPERIENCE

Peterson Dental Lab

Logistics team member

- Process digital files and manage data workflows with 100% accuracy in a fast-paced environment
- Collaborate with cross-functional teams using internal software systems for project tracking and scheduling

Delray Beach, FL

November 2024 - Present

PNC Bank

Teller

- Utilized banking software and the Microsoft Office suite for data management and transaction processing
- Applied analytical skills to identify client needs and provide technology-based solutions

Boynton Beach, FL

December 2023 - April 2024

Bluegreen Vacations, Gulfstream Manor

Guest Service Admin

- Managed digital systems and databases, maintaining 95% accuracy in data processing and reporting
- Implemented a comprehensive guest satisfaction survey system, resulting in a 30% increase in overall guest satisfaction each year

Delray Beach, FL

April 2018 - May 2023
